Table 1: Montana Department of Public Health and Human Services PROPOSED DRAFT RBRVS Fee Schedule for SFY 2015

CPT codes, descriptors, and other data only are copyright 1999 American Medical Association (or such other date of publication of CPT). All Rights Reserved. Applicable FARS/DFARS Apply.

Notes:

The facility rate is paid to physicians/practitioners providing services in the following sites: hospitals, emergency rooms, ambulatory surgery centers, IHS provider based and IHS 638 free standing facilities, skilled nursing and nursing facilities, hospice, ambulance, inpatient psychiatric and partial psychiatric hospitals, psychiatric residential treatment centers, comprehensive inpatient rehab facilities, birthing centers and military treatment facilities. All other sites of service receive the office rate. Procedures not normally done in the office are shown with the same facility rate, while those done in both locations have different rates.

Vaccines covered by the Vaccines for Children (VFC) program are not reimbursable for individuals under 19. Please refer to the Medicaid Provider website for the list of VFC vaccines.

Reimbursement for many procedure codes are listed as "By Report" in this Proposed Fee Schedule. These procedure codes will have a fee associated with them in the Final July 01, 2014 Fee Schedule per requirement of the Centers for Medicare and Medicaid Services (CMS).

Reimbursement for many physician administered drugs are listed as "By-Report" in this Proposed Fee Schedule. These procedures are reimbursed using "Estimated Acquisition Cost" information and the final July 01, 2014 Fee Schedule will reflect this fact.

Some Codes may not be billed by certain provider types, even if a fee is shown

The Provider Reimbursement Percent is an additional adjustment made when specific providers bill specific codes.
The fee listed under the Physician Conversion Factor is 100% of the physician rate. Many services performed by mid-levels are 90% of this fee.
